Race Communiqué #2

TT/Crit

July 25, 2009

Masters' results are now posted. Yesterday, revised Stage I results for Masters were never posted. Concerns by riders about the accuracy of results were based on the initially published results not the revised results. Today's TT has been added to yesterday's revised results. Masters' GC is current and accurate.

Within the Masters' GC, appeals of several penalties for Stage One have been upheld by the Chief Referee. The removal of those penalties has been reflected in the updated GC.

The following riders have been assessed penalties.

Rider: 597 warming up on the course during the TT (refer to the Tech Guide)

Riders: 838, 859, 727 folded numbers (refer to the Tech Guide as well as OBRA Rules)

Riders: 858 and 595 inappropriate language (refer to the Tech Guide as well as OBRA Rules)
