

Nancy P's Classic
Course and Race Information

Mass Start.

20k at 10:00, 2 Laps of Blue and Red Course

10k at 10:02, 1 Lap of Blue and Red Course

5k at 10:04, 1 Lap of Blue Course

The course will lap through the start finish area. The lap track will be fenced after the race has started so follow the signs marked LAP.

Rich's Range still isn't open so we've adjusted the course from last year..

It is the skier's responsibility to count laps and to pass through the lap track and finish track properly.

Results will be posted in the lodge at Mt. Bachelor and at MBSEF.org following the race.

Medals will be awarded following the race in the Nordic Center.

The race trail will be open to racers and all Mt. Bachelors guests. Mt. Bachelor and the MBSEF volunteers will try to guide non-racers away from the race trails. However if racers come upon a non-racer, please politely ski around them. It's generally easier for racers to go around non-racers than for non-racers to move out of the way.
